

BUSINESS MINORS

FOR BUSINESS AND NON-BUSINESS MAJORS

Monfort College of Business

Business minors tailored to fit your career goals.

Whatever your major, the Monfort College of Business has a minor that will give you a solid foundation in business knowledge, real-world skills, and an advantage over the competition.

"I believe any student can benefit from understanding the basics about business. Knowledge about marketing, management, finance, accounting, computer information systems and business will go a long way to build success in any career."

—Don Gudmundson, MCB professor

ENTREPRENEURSHIP MINOR (for business majors)

Learn the concepts and principles of business management, test out a business plan in the Student Business Incubator, and compete in the Monfort College of Business Entrepreneurial Challenge

GLOBAL BUSINESS MINOR (for business majors)

Provides a broad understanding of global business including finance, economics, management and marketing. Get first-hand global business experience through a study abroad semester.

NETWORK AND INFORMATION SYSTEM SECURITY MINOR

(for business and non-business majors)

Become an expert in computer and IT security. Learn about network infrastructure, protocols and software; study security strategies; and delve into accounting concepts and fraud detection.

COMPUTER INFORMATION SYSTEMS MINOR

(for business and non-business majors)

Learn to develop technology-based solutions. Use state-of-the-industry hardware and software and fully-equipped electronic classrooms. Solve real-world problems using technical skills in database programming, networking and more.

The Monfort College of Business is widely recognized as a leading business school and is the only one in the nation to earn the Malcolm Baldrige National Quality Award from the Office of the President of the United States.

UNIVERSITY OF
**NORTHERN
COLORADO**

MCB connects students with professional experiences and internships.

LEARN FROM EXCEPTIONAL FACULTY WITH INDUSTRY EXPERIENCE

Our award-winning faculty includes top professors, experienced executives, and practicing business professionals. Faculty are passionate about sharing industry expertise and connections with UNC students and helping them develop their potential. In addition to traditional classroom lectures, discussions, projects and research, students will gain real-world experience by working on plans for actual clients.

GAIN THE TOOLS YOU NEED AND THE OPPORTUNITIES YOU WANT

The Monfort College of Business offers state-of-the-industry facilities, hardware, software and professional experiences students will use in the workplace. Working with a wide variety of local and regional businesses and companies, MCB connects students with professional experience and internships before graduation, giving them an advantage in the job market.

HONORED BY CREDENTIALS THAT MATTER

- For 11 consecutive years, graduating seniors of MCB have scored in the top five to 10 percent on the national Educational Testing Service Major Field Test in Business, which assesses students' core business knowledge.
- MCB is accredited by AACSB International in both business and accounting—the “gold standard” for accreditation. MCB is one of only three schools in Colorado to be accredited in both disciplines.

“This is an exciting time in the business world, where big ideas can easily become new business ventures. This minor helps business majors develop an entrepreneurial mindset that can help them make their dream of starting a business come true. They’ll also be prepared to play a vital role in a start up.”

—David Thomas, Assistant Professor of Management
