Special Notes

*Up to nine semester credit hours of the courses listed that can be used to satisfy the requirements of a student's first major and that carry the prefix of that major may also be used to satisfy the requirements of the LAC.

*Any course listed that can be used to satisfy the requirements of a student's first major but that does *not* carry the prefix of that major may also be used to satisfy the requirements of the LAC.

*Any course listed that can be used to satisfy the requirements of a student's minor or second major may also be used to satisfy the requirements of the LAC.

*No course taken before the time it appears as a LAC course in the *Catalog* may be used to satisfy the requirements of the LAC.

*No course taken after the time it is removed from the eligibility list for the LAC may be used to satisfy the requirements of the LAC.

*Regardless of a student's catalog year, any course taken at UNC after Summer 2006 may be used to satisfy a particular Liberal Arts Core requirement if and only if it is listed as an approved Liberal Arts Core course in the relevant area in the *Catalog* in effect at the time at which it was taken.

*Each UNC Catalog is in effect for six years. UNC's old "General Education" program therefore expired in Summer 2011. Students who were at any time subject to the requirements of that program must now satisfy the requirements of the Liberal Arts Core. If a course that was taken to satisfy one of the old General Education requirements is still listed as an approved course in the Liberal Arts Core, that course may still be counted toward the satisfaction of the relevant requirement in the Core. If it is no longer listed as an approved course in the Core, it may not be so counted.

*Courses taken at UNC not approved for inclusion in the Core may not be substituted for courses that have been approved for inclusion in the Core in the satisfaction of the requirements of the Core. Any course being transferred to UNC that has not already been designated as equivalent to any course approved for inclusion within the Core will be referred to a designated representative of the relevant department/program for review. If it is decided that the course is equivalent to an approved Core course, it will be designated as such for all students desiring to transfer it to UNC in the future.

Exceptions to the Requirements of the Liberal Arts Core

*Transfer students who have completed equivalent programs as determined by the Admissions Office may be exempted from all or part of the requirements of the LAC.

*A student who has earned a liberal-arts based Associate of Arts or Associate of Science, or Bachelor's degree from an accredited college or who has completed an equivalent program as determined by the UNC Admissions Office will receive credit for such work and be excused from Areas 1-8 of the requirements.

*If a student presents an ACT score of 30.0 or higher in English or an SAT verbal score of 630 or higher, he or she is exempt from ENG 122.

*If a student presents an ACT score of 26.0 or higher in mathematics, or an SAT math score of 560 or higher, he or she is exempt from the Area 2 requirement.

*Students interested in challenging a LAC course should contact the appropriate program to determine the availability of a challenge examination.
