The Global Business Minor is designed for students who have a major in Business Administration and wish to pursue an additional area of study in global business. Completion of the minor provides broad exposure to the global areas of business administration. These include at a minimum finance, economics, management, and marketing. The minor is only open to students who major in Business Administration.

Admission to the minor requires that a Business major be in academic good standing in both the Monfort College of Business and the University of Northern Colorado. The Global Business Minor will include an additional 13-16 semester credits of study depending on the student's Business Administration major emphasis.

Students are expected to complete the prerequisites for all courses in the minor. The prerequisites are also part of the Liberal Arts Core program and can be included in LAC preparation.
